

CS-1820 Multifunction

Digital Copier, Network Printer, Scanner optional FAX

With the CS-1820 and your FS-C-5016N color laser printer you can make color copies!

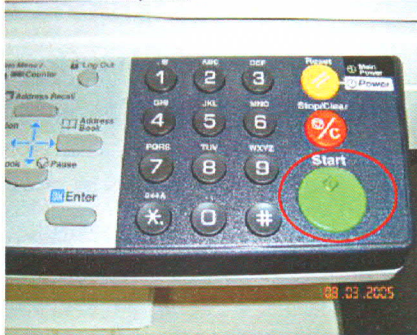

The CS-1820 will scan in color and FTP the pages to the FS-C5016N with the touch of a button!

Insert color documents to be copied and hit destination button

Scanned color documents are sent via FTP to the printer

Press the "START" key to send

The addition of the CS-1820 turns your FS-C5016N into a color copier for a lot less than what a new color laser copier cost!

Color Documents are printed on the FS-C5016N

CS-1820 and FS-C5016N must be on a network for this to work
